

SEMESTER TEST REVIEW

“Find the Midterm Test” Scavenger Hunt

Answer each of the following questions, from your book.

Record your answer on the Scantron sheet using the following numbering scheme:

1-6 page 42: 1-6
7-12 page 92: 1-6
13-17 page 132: 1-5
18-23 page 170: 1-6

If you are unsure of any answer, look earlier in the corresponding two chapters for guidance, or ask Mr. Petto for help.

Any time you need guidance or help, make yourself a short note on the topic that you can use during the midterm test.

If you get confused regarding the numbering scheme, look at this “encoder” chart:
